## TEMPORARY STRUCTURE LOCATION DIAGRAM

**INSTRUCTIONS:** Prepare a detailed drawing of the area where you propose to place your temporary structure. Your drawing should encompass the shoreline and lake area in front of your lot and the two adjacent lots. Be sure to include lot lines, docks and any existing temporary structures in front of all three lots. Note any landmarks that will assist our deputies in locating your site from a boat. You must also indicate the length of the shoreline between your lot 1. (lake frontage) and the distance from shore to the proposed location for your structure. Indicate north with an arrow through the box in the drawing.

North
