

ISANTI COUNTY SHERIFF - WATER PATROL

TEMPORARY STRUCTURE PERMIT REGULATIONS

FOR

Water Ski Jumps

Each year you will be required to reapply for your temporary structure permit. This will give our office a chance to reassess any problems that have arisen in regards to your ski jump during the past year. To prevent any problems from arising you will be required to comply with the following regulations.

1. The permit number must be visible and displayed in 2 inch size numerals on one side of the ski jump.
2. The jump must be lighted during hours of darkness.
3. Each side shall have enough reflectorized material so as to indicate the jump's size from all angles.
4. The ski jump cannot be a navigational hazard. It must be within 100' of shore.
5. The ski jump must conform to all state and local ordinances.
6. The ski jump must be removed each year before November 1st, after which your permit will expire.
